

ICBA Preferred Service Provider Solutions from Jack Henry

As a Preferred Service Provider serving community banks, we bring ICBA members education, exclusive incentives, and core-agnostic technology to create a high-tech, high-touch environment.

CECL SOLUTIONS

Efficient solutions for today's daunting CECL data collection, validation, and compliance modeling tasks.

LENDING SOLUTIONS

All-digital loan origination and portfolio management solutions to create, underwrite, and manage borrower relationships.

CONVERSION SOLUTIONS

Reduce costs and save time by securely converting and importing your legacy systems data, as well as M&A content, into current platforms.

FORECASTING & FINANCIAL REPORTING

Simplify the strategic planning process and forecast the balance sheet more effectively while completing your budgeting and financial reporting all in one place.

INFORMATION SECURITY & RISK MANAGEMENT SOLUTIONS

Proven risk management solutions empowering you to proactively protect mission-critical data and systems, facilitate IT regulatory compliance, and bolster disaster resiliency.

ONLINE & MOBILE BANKING SOLUTIONS

Support small businesses and consumers with the latest online tools, including:

- Comprehensive online financial management solutions designed for small businesses.
- The ability to support single or recurring payments, with easy integration to any internet banking provider.
- Native mobile application that offers a quick, cost-effective way to deploy innovative mobile services.

PAYMENT SOLUTIONS

Proven, scalable solutions that simplify complex payments and support your need to modernize existing channels, confidently enter emerging ones, and deliver secure payment innovations, including:

- Web-based and mobile remote deposit capture for both consumers and businesses.
- Simplified billing and payment collection, reducing the costs of the accounts receivable process.
- Electronic check, remittance, and lockbox processing.

PROFITABILITY & PRICING

Discover who your most valuable clients truly are and set pricing and rates that drive profitability.

WEB SOLUTIONS

Specialized tools for responsive website design, content management, hosting, and security services.
