Rene Perez

CAMS, Financial Crimes Consultant at Jack Henry

rperez@jackhenry.com

Rene Perez is a Financial Crimes Consultant with Jack Henry. He has been with the company since 2007 and has more than 20 years of experience in the financial crimes industry. In his current role, Rene is able to share his specialized knowledge directly with Jack Henry clients and the industry through speaking engagements. He is Jack Henry's subject matter expert on financial crimes and has spoken at many major conferences including ACAMS®, Jack Henry Connect, and SAS's Global Financial Crimes Conference. Prior to Jack Henry, Rene worked as a BSA and Fraud Officer at a top 50 Bank in the U.S. Rene was also one out of 21 people across the country chosen by the Federal Reserve Bank to start the first-ever Federal Reserve Bank Payments Improvement Fraud Work Group. Their first mission was to formally define and categorize fraud to a single definition that can be adopted across the U.S. He lives in Birmingham, AL, with his wife and four kids. When not in the office, Rene can be found at one of his kids' functions.

Seth Bennett

Sales Engineer, Financial Crimes at Jack Henry

sfbennett@jackhenry.com

Seth has been with Jack Henry since 2023 and has more than 18 years of IT, audit, financial services, professional services, and sales experience. In his current role, Seth focuses on helping financial institutions develop a better understanding of the solutions available to meet their fraud and BSA/AML needs. Prior to joining Jack Henry, he spent 12 years designing, building, and deploying GRC solutions for various Fortune 500 clients, as well as managing several boutique consultancies. He is also a veteran who served 16 years in the United States Air Force.

Lawrence Lannie

Director, Security Operations | Information Security & Technology at Jack Henry

llannie@jackhenry.com

Lawrence Lannie leads Gladiator Security, Jack Henry's managed security services business, where he helps banks and credit unions tackle evolving cybersecurity challenges. For more than 13 years, he's worked with financial institutions of all sizes to improve security operations, manage risk, and stay ahead of an increasingly complex threat landscape. He's passionate about making cybersecurity practical, actionable, and aligned with business outcomes.
