The Confidence Machine

Engage in dynamic exercises designed to simulate real-world incidents banks and credit unions face today while diving headfirst into the ever-evolving world of cybersecurity and fraud prevention. This hands-on approach fosters teamwork while also highlighting the importance of collaboration to remain safer and smarter about cybersecurity.

Event Agenda

9 a.m	**Introductions and Current State of Cybercrime**
	Interactive Session In this three-phase, highly interactive session, we'll simulate a real-world incident at a financial institution. You'll be placed into teams, assigned a role, and tasked with responding to the incident.
11:30 a.m	**Lunch**
12:15 p.m	**Continuation of Interactive Sessions and Thought Leadership**
1:45 p.m	**Surveys and Adjourn**
